

The background is a stylized, low-poly illustration of a racing track. A white and blue open-wheel race car is shown from a rear three-quarter view, driving on a grey track with yellow double lines. The track curves through a landscape with green hills and a dense forest of green and brown coniferous trees. In the distance, a pink car is visible on the track. The overall style is modern and minimalist.

The assets inside this folder were modeled only for promotion purposes (props shown in screenshots). However, if you find them useful, feel free to use them.

Best regards,  
Mena.
